## Research Role Profile

### Person Specification

#### The post holder must have:

A doctoral degree in a relevant discipline (although individuals who have almost completed a doctoral degree may be appointed). Consideration may also be given to individuals who do not hold a doctoral degree but have required skills based on a number of years experience in specified / relevant fields

The post holder will have authority over some aspects of project work and must be capable of providing academic judgement, offering original and creative thoughts and be able to interpret and analyse results.

### Relationships and Contacts

Direct responsibility to the principal investigator or academic supervisor. The post holder may be asked to serve on a relevant Faculty committee. There may be additional reporting and liaison responsibilities to external funding bodies or sponsors. The post holder may work on original research tasks with colleagues in other institutions.

### Special Requirements

To be available to participate in fieldwork as required by the specified research project

#### All staff are expected to:

- Positively support equality of opportunity and equity of treatment to colleagues and students in accordance with the University of Surrey Equal Opportunities policy.
- Help maintain a safe working environment by:
  - Attending training in Health and Safety requirements as necessary, both on appointment and as changes in duties and techniques demand
  - Following local codes of safe working practices and the University of Surrey Health and Safety Policy
- Undertake such other duties within the scope of the post as may be requested by your Manager.

## Research Role Profile

## Addendum to Role Profile

**Job Title:**

Research Fellow (1A)

**Job Summary and Purpose:**

This information sheet should be read in conjunction with the accompanying generic Research RA1A Role Profile and will be used for shortlisting processes. More specifically the post holder will be expected to:

**Main Responsibilities/Activities**

- To undertake original research, working alongside Dr Payel Das and colleagues in the Astrophysics group.
- To build an independent research programme.
- To assist with the supervision of students in Dr Das's group.

**Person Specification****The post holder must have:**

- Candidates must hold (or be close to completion of) a PhD in astronomy, physics, applied mathematics, computer science or a closely related discipline.
- Knowledge of dynamics, high-performance computing and computer programming are highly desirable.

**Relationships and Contacts**

- The post holder will be expected to work with colleagues directly in the Astrophysics group and more widely across the Department of Physics.
- The post holder will likely work with colleagues in the Faculty of Engineering and Physical Sciences and across the University.
